

The AIM Tool. AIM Stands for:

Activity Impact Measurement Tool

Yesterday, you build the AIM Tool. Today you will apply it in teams of COMPASS point experts, and build **Action Plans** for 2014 workshops.

Action Plan elements always have three questions: (1) What is to be done?; (2) Who should do it; and (3) When should it be done? Assembling the elements chronologically creates an overall **Action Plan**.

YOU will be asked individually to provide an idea/question/inspiration to each of the small work teams to help them build their action plan.

YOU will participate as an expert on one of those teams.

YOUR TEAM will present its action plan to the entire group for approval.

Timeline for this Session:

8:00 a.m. Call to Order and Welcome
8:30 a.m. Part III: Applying the Tool

- Recap of Yesterday
- Timeline
- Objective: Ask the Question

9:45 a.m. Introductory Reflective
10:00 a.m. Individual Time to Formulate Questions;
Mini-Break
10:15 a.m. Small Group Interpretive and Mini-Break
11:00 a.m. Small Group Presentations

- Clubs (10 minutes)
- Diamonds (10 minutes)
- Hearts (10 minutes)
- Spades (10 minutes)

11:45 a.m. Part IV: Large Group Decisional: Action Plan
11:55 a.m. Wrap Up and Photo; Survey; Adjourn
