

DRiP REBATE PROGRAM REBATE APPLICATION **REQUEST**

Drought Resistant Landscape Rebate Program

In order to get your rebate check from Azusa Light & Water, you must fill out this form and the two attached forms which list the actual materials that you used on your project. Additionally, you must submit original receipts for the materials used on your project to:

Program Sponsor: Azusa Light & Water
729 N. Azusa Avenue
Azusa, CA 91702
Tel: (626) 812-5225 * FAX: (626) 812-5125
Contact: Paul Reid

Application for Drought Resistant Landscape Rebate Program

Applicant Name: _____ Water Acct No. _____

Address: _____

City/State/Zip: _____

Telephone: _____ E-mail: _____

Completion Date: _____ Installation Contractor Name (if any): _____

Requested Rebate Amount: _____

APPLICANT ACKNOWLEDGEMENTS/COMMITMENTS

- I understand that to receive the rebate, an Azusa Light & Water representative must perform a pre and final inspection.
- I understand that the rebate will be issued as a rebate check, and that this rebate will be mailed 4-6 weeks after the final inspection.
- I understand that Azusa Light & Water reserves the right to deny any rebate application if the applicant does not comply with the program qualifications, procedures, and specifications.
- I understand that my rebate will not exceed the rebate amounts set forth in this rebate program application package.
- I understand that personal labor cost is excluded.
- I understand that only plants, artificial turf and irrigation system costs will qualify for the rebate, and only those plants listed in this DRiP program application package are eligible for reimbursement, unless otherwise approved in writing.
- I understand that plants required by lending institutions, new home landscaping requirements or as part of the builder's standard package do not qualify for the rebate, unless a "smart" weather based controller is incorporated into the irrigation system.
- I understand that each water account may participate only once a year in the DRiP Program.
- I understand that an Azusa Light & Water staff member must audit my sprinkler system.
- I understand that work completion **must** be accomplished by 6 weeks after approval date, and that plants must be planted in agreed upon locations.
- Before planting any trees, I will call Underground Service Alert (also known as Dig Alert) at 1-800-227-2600 at least two working days before digging any holes. This is a free service. Dig Alert will contact all utilities on my behalf. Within 48 hours, the utilities will come out to my property and mark all underground utility lines. This will insure that I not hit any underground lines while digging holes for my trees.
- I agree to maintain my landscape in a water efficient manner & comply with all City Ordinances regarding water use.
