

between the City, nonprofits like Keep Denton Beautiful, and countless volunteer and community organizations.

Conclusion

Through collaboration and community involvement, GAC has been able to involve more than 150,000 volunteers over the last 10 years, and clean dozens of tons of litter from Denton's streets, waterways, and public spaces. The GAC program epitomizes community partnership and collaboration and, because of this, will undoubtedly continue to have a positive impact in the Denton community for many years to come.
